SPOONS

The Spoon Chrysanthemums are very unusual and interesting. Each petal is a tiny hollow tube or quill that flattens out at the end into a tiny spoon. On some varieties the tube and the spoon are the same color and in other varieties the tube is one color and the spoon another. They make very attractive cut flower arrangements. We are adding several new varieties to our list this year.

APRICOT SPOON. A pleasingly different spoon with tubes of apricot bronze and spoons of apricot rose. Very frost resistant.	35c
CARDINAL SPOON. An outstandingly different spoon with greenish gold tubes and cardinal red spoons. Good sized flowers.	35c
CHARM SPOON. Rich dusty rose spoons with silvery white tubes. This is an especially nice new spoon.	35c
CLASSIC SPOON. Large heavy textured rosy phlox purple with silvery tubes. Another new variety that is outstanding.	35c
FUSHIA SPOON. A bold 3½-inch flower of sparkling fushia rose. A fine new sturdy free flowering variety.	35c
JASPER SPOON. A nice spoon in a combination of rich bronze and yellow.	25c
LILAC SPOON. Large wide petaled flowers of lilac pink with silvery white tubes. Very lovely.	35c
LOVELINESS SPOON. A grand new carmine-pink spoon, an outstandingly lovely variety with nothing else like it.	35c
MAGENTA SPOON. Lovely Magenta rose flowers in profusion. Spoon is Magenta rose and the tube is silvery white.	35c
ORCHID SPOON. A lovely shade of lavender pink. This variety makes a pretty feathery filling in bouquets of larger flowers.	25c
ROSE SPOON. Like the other Spoon except the color is rose-pink.	25c
YELLOW SPOON. Like Orchid Spoon, only the color is yellow.	25c
WHITE SPOON. Like other Spoons with tiny hollow quills and little flattened spoons on the end of each quill.	25c

FUCHSIAS

We take a great deal of pleasure in adding this section to our catalogue. Last fall we visited a Fuchsia garden where there were over 400 varieties in bloom. The sight was breathtaking and very thrilling. We couldn't resist the temptation to list a few of these gorgeous beauties that others might also enjoy them.

CULTURE: They must have shade and a rich soil. The soil in which they are planted should be $\frac{1}{4}$ peat, $\frac{1}{4}$ leaf mold, $\frac{1}{4}$ manure and some sand and $\frac{1}{4}$ good loamy soil. After they have been planted a month, use a solution of 1 level tablespoon of Sulphate of Amonia to 1 gallon of water. Be sure the ground is already moist before applying fertilizer. Can be used once a week. **KEEP OFF FOLIAGE.** Keep foliage washed off with water. They like it.

ANNA. Sepals tube and base of petals strong carmine, large corolla of magenta. Vigorous growth and the largest flower of the self color group. One of the very best in the trailers. Double.

BEVERLY HILLS. Single upright. A strong grower with enormous flowers and corolla of a wonderful shade of Burgundy red. Long elegant sepals of glowing pink with white striping.

GAY SENORITA. Single upright. Bell shaped corolla, deep lilac flushed rose with white border edging the petals. Sepals deep rose.

CALIFORNIA. Single upright. Vigorous growth with good sized flowers of bright orange and sepals of coral pink. Makes a good tree.

BOLERO. Well shaped large double with dark imperial purple corolla and leathery red sepals. Stiff branches and good foliage.

ELECTRA. Double upright. Strong grower. Flowers large with wide open center. Sepals rose, corolla palest pink, almost white veined rose.

HOLLY DALE. Double upright. Corolla clear pale magenta, sepals rose pink. Very floriferous.

HONEYMOON. Double upright. A true sensation in blue. Wide open veronica blue corolla and red sepals. Semi-double.

LINDISSIMA. Double trailing. A beautiful blending of mauve and rose, flowers of perfect shape and immense size. Luxurious bloomer and fast grower.

LUCKY STRIKE. Double upright. An unusual colored Fuchsia in rather striking combination of blue, purple pink and gray tones. Globular in form.

MOLESWORTH. Double trailing. Full snowy white with scarlet sepals. Good heavy bloomer.

SAN MATEO. Double trailing. Large free flowering, sepals of pink, corolla of darkest Victoria violet with fuchsia pink splashes. Nice well-started plants.

SMITH'S GIANT EVERBLOOMING CARNATIONS

Carnation

We have grown Carnations for many years but have never had anything to equal these. They bloom all summer and the blooms are extra large even without disbudding. With disbudding they would equal greenhouse varieties in size. Lovely full centered double flowers in bright attractive colors. This year we can offer them just in a mixture of colors. Next year we expect to have a number of named varieties to offer. These Carnations are hardy.

Price 25c Each; \$2.50 per Dozen

DIANTHUS (Little Joe)

DELPHINIUM

Famous Vetterle and Reinelt Pacific Hybrids

Years ago we used to import our Delphinium seed from England and thought we had the finest Delphinium in the world, but later we found this strain of Pacific Hybrids grown right here on our own Pacific Coast to be superior to the English strains. This elegant strain of Delphinium is almost beyond description. Flower spikes 4 to 8 feet tall closely packed with individual flowers from 2 to 3 inches across, most of them are double with a very few semi-double and just a single now and then. They are simply breath-taking in loveliness.

We have the Pacific Hybrids in mixed shades. They are all good but no guarantee as to color.

NOTICE TO CUSTOMERS

Order filling season is a very rushing one for us and you will assist us greatly by observing the following suggestions:

PLEASE do not order from old catalogues, or stock not listed.

Don't write your order in a letter. Put it on a separate sheet of paper and be sure your name, Post Office and Express Office is on it.

WRITE or print name and address plainly. We get many we can't read.

PLEASE send remittance with order.

BE SURE to give Express Office if different than P. O.

ALL orders shipped Express, transportation collect, UNLESS sufficient postage is sent with order. Most orders will travel cheaper and reach you in better condition if sent by express. We like to fill orders liberally, so be liberal with postage. We will send extra plants for excess.

Damaged orders should be reported to the express agent and a claim made for damages.

Parcel Post shipments travel at customer's risk.

NOTIFY us within 5 days of any shortage or error in filling your order. Please mention the Order Number on your acknowledgment card.

GUARANTEE. All plants first class. Healthy and in good growing condition when they leave our care. Beyond this we assume no responsibility for shipping delays, rough handling or transplanting loss.
